

Craefto

Creative Tech Studio

Design systems and digital products
built with craft and intention.

Sydney, Australia | hello@craefto.com | craefto.com

01 WHO WE ARE

Small team. Big craft.

Craefto is a creative tech studio based in Sydney, Australia. Founded by Obi Batbileg, a design technologist who builds at the intersection of design, engineering, and systems thinking.

We handle strategy, design, and development as one continuous process. One team, one conversation, start to finish.

No handoffs. No lost context. No template work. Every project is approached from first principles.

Founded	2024

What we build

01 Web Design & Development

Marketing sites, SaaS platforms, dashboards. React, Next.js, full stack.

02 Brand Identity

Strategy, logo systems, design tokens, brand guidelines.

03 Digital Products

MVPs, portals, interactive experiences, WebGL, API integrations.

04 AI & Automation

Custom agents, LLM integrations, workflow automation.

05 Security & Pen Testing

Web app security, vulnerability assessments, compliance readiness.

How we work

01

Understand

Discovery call, market research,
goal definition, strategy document.

Week 1 to 2

02

Design

Information architecture, wireframes,
visual design, client review.

Week 2 to 4

03

Build

Frontend + backend development,
integrations, QA, staging review.

Week 4 to 8

04

Launch & Grow

Deployment, analytics setup,
30 day support, ongoing optimization.

Week 8+

GlobFam

SCOPE

Brand identity, web platform, and buyer matching system for a global property technology startup.

RESULT

Complete brand system, responsive web application, and intelligent buyer insight platform.

Node.js
Python
Supabase
PostgreSQL
Prisma
REST / GraphQL APIs

AI & Automation

Claude / GPT / Gemini
LangChain
Custom agents
OpenClaw
Workflow automation

Infrastructure

Vercel
AWS
Docker
GitHub Actions
CI/CD pipelines

Who we work with

We work with founders, startups, and growing businesses across a range of industries, from property technology to education, healthcare, and creative services.

Our clients come to us because they value quality over speed, and want a partner who understands both design and engineering.

NUU Rental

How to work with us

Project Based

Fixed scope, fixed price. Discovery to launch.
Ideal for websites, brand identities, and MVPs.

\$3,000 to \$30,000+

Sprint Retainer

Ongoing development and design support.
Dedicated hours each month.

\$2,000 to \$6,000/mo

Advisory

Strategic guidance on design, tech, and AI.
Perfect for founders who need a sounding board.

\$150/hr

Ready to start?

You don't need a finished brief or a clear direction.
Start with what you are thinking about,
and we will shape it together.
